

Select Series Vinyl Windows

New Construction

Select Series 1100

- Fully welded frame and sash corners assures strength, durability, and years of trouble-free service in the home.
- Designer cam locks provide security with style.
- 3/4" insulated glass is standard with many glazing options available.
- Positive interlock at meeting rail for added security and structural integrity.
- Heavy duty weatherstripping on frame and sash to protect against air infiltration and water penetration.
- Time tested maintenance free block and tackle balances designed for years of smooth, easy sash operation and never needs adjustment.
- Solid vinyl warranted against rotting, rusting, cracking, warping, pitting, corroding, peeling, blistering and color failure.
- Patented Integral J Channel aesthetically conceals siding and eliminates the need for snap-in accessories.
- 1-1/4" Integral, pre-punched nailing fin for easy and accurate installation.
- Molded-in sash lift rail for easy operation.
- Standard colors include white and tan.
- Traditional (WM180) Brick Mold exterior appearance.
- Tilt-in lower sash for easy cleaning.
- Single hung, glider, picture window, and geometric shapes available.
